

Suggested Student Activities

ENTERTAINMENT INDUSTRY

Teachers delivering this course and workplace supervisors who have hosted their students recommend any of the following activities for students to complete during work placement. This is not a finite list; you may wish to offer other equally suitable activities relevant to the course.

Talking with the students should help reveal the student's levels of confidence and maturity; their current strengths, their preferred competencies to work on and perhaps some areas to improve.

NB: The activities include degrees of independent work – instruction and supervision must still be provided for the student.

- Participate in a WH&S site induction
- Operate a variety of lighting and audio visual equipment
- Assist in the staging/stage management of a show/performance
- List all the roles, their responsibilities and the inter relationships of the personnel involved in the show/performance
- Create a signal flow chart for the sound system being used
- List the trouble shooting procedures if used during the show/performance
- Assist with the bump in/bump out
- Design, apply and remove make-up
- Use technology to conduct the business of the show
- Assist with design of programs, tickets and posters
- Read the site safety plan
- Assist in making costumes/props
- Usher patrons
- List the analogue and digital vision system equipment used in the show/performance
- Make a list of departments/functional areas on site for the show/performance
- Move and set up equipment/instruments
