

# Suggested Student Activities

## HUMAN SERVICES

Teachers delivering this course and workplace supervisors who have hosted their students recommend any of the following activities for students to complete during work placement. This is not a finite list, you may wish to offer other equally suitable activities relevant to the course.

Talking with the students should help reveal their level of confidence and maturity, their current strengths, their preferred competencies to work on and perhaps some areas to improve.

**NB: The activities may include degrees of independent work – instruction and supervision must still be provided for the student.**

- Support individual health and emotional wellbeing.
- Recognise healthy body systems in a health care context.
- Communicate and work effectively in health.
- Work effectively with culturally diverse clients and co-workers.
- Assist with client movement.
- Contribute to effective workplace relationships.
- Respond to difficult and challenging behaviours.
- Support the care of clients.
- Assist team in acute care environment.
- Apply first aid.
- Comply with infection control policies and procedures.
- Participate in Workplace, Health and Safety processes.
- Maintain a high standard of client service.
- Use basic medical terminology.
