

Metal & Engineering Employers

it's your time to shine!

Can you offer students experience in one or more of the following?

- ✓ Operating and monitoring machine process
- ✓ Using hand tools
- ✓ Measuring with graduated devices
- ✓ General machining
- ✓ Routine oxyacetylene welding
- ✓ Using comparison and basic measuring devices
- ✓ Manual soldering
- ✓ Applying workplace health & safety principles

If so, be part of a brighter future and skill up the next generation of employees.

Work Placements and School-based Apprenticeships & Traineeships are excellent opportunities for students to gain valuable experience in workplaces while still at school.

So act now and start seeing the benefits of the younger generation for your business training.

It's easier than you think!
